

## **Hygiene rules for the clothing swap on 2020/10/18 at Stadtteilzentrum Prenzlauer Berg**

To reduce the risk of infection, all those present are requested to implement the hygiene rules without any exception. Please attend the clothing swap just when you feel well.

### **1. Admission and number of people**

Keep a distance of at least 1,5 meters between you and others, who don't live in your household. In order to enable all visitors to keep the distance, we can only let 10 persons contemporaneously in. When the number of ten visitors is reached, you have to wait at the door while keeping the minimum distance also here. Employees of the district center will be available at the door and regulate the entrance for the visitors.

### **2. Masks**

All visitors are obliged to cover their mouth and nose during their entire presence at the clothes meet swap. If you don't have a mask with you, you can get one from our staff for 2 Euros at the entrance.

### **3. Disinfection and Hygiene**

Disinfect your hands before swapping. Disinfectants are available at various public and visible places in the house. You can disinfect your hands in the entrance area immediately after entering.

### **4. Walkingdirection**

Please note and follow the walking direction, which is indicated by signs and arrows. Don't walk in the opposite direction to avoid too close contact with others at narrow spaces. The number of people allowed to be there at the same time is marked visibly at the respective rooms and swapping stations in the yard. Please ensure that this number won't be exceeded. In case, please wait until someone else has left the place.

### **5. Contact lists**

We are obliged to record names and contacts of all visitors. Please fill in the appropriate lists at the entrance, before you enter the swap area. Without these informations or in case of clearly incorrect information, we cannot grant you access to the event.

We will keep this information for four weeks and use it only for infection tracking. After we will delete it irrevocably.

### **6. Nevertheless have fun**

In view of the high number of infections, we have to issue and implement such a strict hygiene concept. The alternative would be that we couldn't do a clothes swap at all.

We therefore appeal to you to strictly adhere to the roles, to look after the severity and to make the best possible use of the situation together with us.

We look forward to your visit and stay healthy!
